

Here's a **comprehensive, detailed, and structured overview** of **Saintgits College of Engineering, Kottayam** — perfect as a foundation for creating your document. I've covered **history, foundation, management, courses, campus, admissions, placements, accreditations, student life, and more** with authentic references. (saintgits.org)

Saintgits College of Engineering, Kottayam — Detailed Guide

1. Overview & Introduction

Saintgits College of Engineering is a **private engineering and technology institution** located in **Pathamuttom, Kottayam district, Kerala, India**. It was **established in 2002** by a group of visionary educators with the aim of providing quality technical education and holistic development to students. (saintgits.org)

The college is known for combining **academic excellence with practical learning opportunities**, and has grown into a benchmark institution in the region. (saintgits.org)

2. Foundation & History

- **Founded in 2002** by a group of pioneering academicians with strong backgrounds in education. (saintgits.org)
 - The founders believed that **continuous search for knowledge and innovation** are essential paths to success, shaping the institution's mission. (saintgits.org)
 - Over two decades, Saintgits has built a reputation for **high academic standards, excellent results, and strong placement records**. (saintgits.org)
-

3. Management & Governance

Saintgits College of Engineering operates under the **Saintgits Group of Institutions**, a broader educational group with multiple academic offerings.

- **Management:** Led by experienced educators and administrators focused on academic quality, research, and industry relevance. (saintgits.org)
 - The autonomous status (granted by the **UGC**) gives the institute **academic freedom** to design its own curriculum, conduct examinations, and innovate teaching methods — a significant advantage in engineering education. (saintgits.org)
-

4. Accreditation & Affiliations

- **Autonomous College** recognized by the **University Grants Commission (UGC)**. (saintgits.org)
 - **Approved by AICTE (All India Council for Technical Education)**. (Collegedunia)
 - **Affiliated with APJ Abdul Kalam Technological University (KTU)**, Kerala. (Collegedunia)
 - Several programs are **NBA accredited**, reflecting high academic quality standards. (Collegedunia)
-

5. Campus & Infrastructure

Location & Size

- The campus is spread over **approximately 40 acres** in a **green and serene environment** in Pathamuttom, Kottayam. (KollegeApply)

Academic & Student Facilities

- **Modern classrooms, advanced laboratories, and specialized research labs.** (KollegeApply)
 - **Central Library** with extensive physical and digital resources. (KollegeApply)
 - **Wi-Fi enabled campus** with strong IT infrastructure. (KollegeApply)
 - **Hostel facilities** for both boys and girls with essential amenities like study areas, recreation rooms, and dining. (KollegeApply)
 - **Auditorium** and seminar halls for events, workshops, and cultural activities. (KollegeApply)
 - **Sports complex** with indoor and outdoor facilities; a gymnasium; cafeterias supporting diverse student needs. (KollegeApply)
-

6. Courses & Academic Programs

Saintgits offers a broad spectrum of academic programs:

Undergraduate (UG) – B.Tech

The college offers **10 Bachelor of Technology (B.Tech) programs** in core and emerging engineering disciplines. (saintgits.org)

Examples include:

- **Civil Engineering**
- **Computer Science & Engineering**
- **Electrical & Electronics Engineering**
- **Electronics & Communication Engineering**
- **Mechanical Engineering**
- **Chemical Engineering**
- **Food Technology**
- **Robotics & Automation**
- **Electronics & Computer Engineering**
- **VLSI Design & Technology** (saintgits.org)

Each B.Tech course spans **4 years** and includes a **comprehensive curriculum combining theory, labs, and industry-connected projects**. (saintgits.org)

Postgraduate (PG) – M.Tech & MBA/MCA

- **M.Tech programs** in various specialized fields like System Engineering, Robotics & Automation, VLSI, Power Systems, and Structural Engineering. (saintgits.org)
- **MBA** – with options including **Logistics and Supply Chain Management**. (saintgits.org)
- **Integrated MCA and Master of Computer Applications (MCA)**. (saintgits.org)

Other Programs

- **Bachelor of Design (B.Des)** – offered in multiple design fields. (saintgits.org)
- **Value-added certifications and minor specialization options** help students gain additional industry-relevant skills. (saintgits.org)

7. Admission Process

Undergraduate (B.Tech)

- Admission mainly through **KEAM (Kerala Engineering Architecture Medical)** exam merit and counselling. (Collegedunia)
- Seats are also available through **management and NRI quotas** under defined eligibility guidelines. (Collegedunia)

Postgraduate (M.Tech & MBA)

- Admissions consider **GATE scores**, past academic performance, and university guidelines. (saintgits.org)
 - Scholarships and merit-based fee concessions are available for eligible students. (saintgits.org)
-

8. Placements & Industry Connections

Saintgits has a strong **Career Development and Placement Cell** that assists students in preparing for interviews, entrepreneurship, and campus recruitment. (Collegedunia)

- Placement drives see participation from companies such as **TCS, Wipro, Federal Bank, Infosys, IBM, UST Global, Tech Mahindra, and more.** (Collegedunia)
 - The **median salary** and placement statistics vary by batch and discipline, with multiple students securing good offers in IT, core engineering, and management roles. (Collegedunia)
-

9. Academic & Extra-Curricular Environment

Students at Saintgits participate in a variety of activities:

Technical & Cultural Events

- National and state-level seminars, workshops, and symposiums are regularly held. (saintgits.org)
- College fests such as **Shristi (projects exposition), Pratitya (college day), and Nakshatra (inter-college fest)** attract wide student participation. (Collegedunia)

Professional Societies

- Chapters like the **American Society of Civil Engineers (ASCE)** actively involve students in competitions and research exposure. (saintgits.org)
-

10. Strengths & Recognitions

Saintgits stands out for:

- **Autonomous status with academic freedom.** (saintgits.org)
- **NBA accredited programs**, reflecting high educational quality. (Collegedunia)
- **Good placement opportunities** and industry engagement. (Collegedunia)
- **Modern infrastructure and holistic student development platforms.** (KollegeApply)

11. Things to Consider

While the college has many strengths, like any large institution, **student experiences can vary** depending on department, expectations, and personal interests. (Feedback from current/former students suggests campus rules and freedom may differ by batch and discipline.) ([Reddit](#))

Trust & Management

Governing Society / Trust

Saintgits College of Engineering is promoted and **managed by the Mar Gregorios Educational Society**, Kottayam — a registered educational society focused on higher education initiatives in Kerala.

Key Governing Body Members

Some notable members of the management and governing board include:

- ✦ **HG Joseph Mor Gregorios** – President of the Society
- ✦ **Er. Punnoose George** – Secretary & **Executive Chairman** of the college
- ✦ **Er. K. George** – Vice President
- ✦ **Er. Oommen Varghese** – Treasurer
- **Dr. K. Jacob** – Member
- **Ms. Anju Elizabeth Cherian, Ms. Mini Susan John, Mr. Baisil Varughese Oommen, Er. Joseph Varghese, and Er. Sinu Philip** – Members
- **Dr. Job Kurian** – Adjunct Professor, IIT Palakkad & Former Dean (IIT Madras) – Board Member
- **Dr. Vinod Kumar Jacob** – Professor & APJAKTU Board Member

This **diverse governing board** brings academic, administrative, and professional expertise to guide the institute's policies and long-term vision.

4. Leadership – Principal & Academic Heads

According to official disclosures:

✓ **Principal:** *Prof. (Dr.) Sudha T*— Overall Head of the Institution.

The principal acts as the **Secretary to the Governing Body, Chairperson of the Academic Council, Chief Controller of Examinations, and Chief Warden (Hostels)** for the campus.

Dr. Reebu Zachariah Koshy- Professor & Associate Director (Institutional Development).

Dr Roji George- Professor & Vice Principal.

(Vice Principal / Deputies)

The **Administrative Manual** notes that a **Vice Principal**- supports the Principal in academic and administrative duties — especially during the Principal's absence. Duties include supervising faculty performance, assisting in policy development, and helping run academic programs.

12. Summary

Saintgits College of Engineering is a **well-established autonomous engineering institution** in Kerala with:

- ✓ Wide range of academic programs (UG/PG/Design)
- ✓ Strong academic record and accredited courses
- ✓ Active placement support with corporate recruiters
- ✓ Comprehensive campus facilities
- ✓ Active student life with events, societies, and industry interactions

It is considered **an attractive option for engineering aspirants**, particularly for those focused on technology, placements, and practical skill development. (saintgits.org)
